Styles

Status:	Erledigt	Start date:	
Priority:	Niedrig	Due date:	
Assignee:	Thomas Mielke	% Done:	100%
Category:		Estimated time:	8.00 hours
Target version:	Repertoire 2) Testing phase II	Spent time:	9.30 hours
Description			
We need to add styles as a subcategory of genres. As far as I understand, this has not to be a multi-select. The only tricky thing is that style can be a subcategory of a composite genre ('Electronic Rock').			
Subtasks:			
- amend release (and creation) form			
- add styles to scenario master data
