<b>Description</b>			
<ul style="list-style-type: none"><li>• Content itself should also no (digital) file</li><li>• Content needs subtypes (audio/sheet)</li></ul>			
Either have a subtype digital file with subtypes audio/sheet or live with some redundancy.			
Those changes probably will also have an effect on processing and the models in web frontend.

##### Revision a741623a - 11/12/2018 06:53 PM - Thomas Mielke

'Add Creations' now only shown in uploads list, if it has the correct processing state; fixes #735; further handling in add creation form is still needed, e.g to not automatically fill in the title of a pdf sheet
